

Prepare your DATAWALK

Draw, write or stick your route

Purpose of the Datawalk:

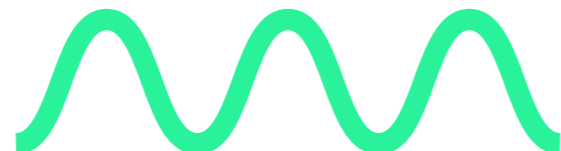

Did you think about...?

- informed consent
- how to capture input
- closing moment
-
-
-
-
-
-

Who will join the Datawalk?

0. [location / address]

[Data source]

 [What is the main message you want to give at this stop?]

 [What questions do you want to discuss at this stop?]

1.

Introduction

 Introduce yourself and other facilitators, explain the Datawalk concept and your motivation and purpose for organising the walk.

 Do a small round of introductions, expectations, reasons for joining, ...

2.

3.

4.

5.

7.

9.

11.

Closure

Make sure to finish somewhere you can comfortably discuss a bit more, so participants have the opportunity to share their questions and opinions.

Depending on the purpose of your walk, you can plan a co-creation session or workshop after the datawalk

6.

8.

10.
